

# Ngo Phi Long

Fresher Frontend Developer

**Birthday** 08/02/1994

**Phone** 0823-068-370

**CV online** <https://my-cv-online.vercel.app/> **Github** <https://github.com/tamchamhai>

**E-Mail** [ngophilongspkt@gmail.com](mailto:ngophilongspkt@gmail.com) **Facebook** <https://www.facebook.com/ngophilongspkt>

## Summary

I used to be an electrical engineer before I found a hobby in programming. I love learning and applying new technology to my work, constantly learning to upgrade myself to meet job requirements. As a frontend developer, I want to see the satisfaction of customers using the service and the benefits I bring to the company, rather than the salary I want.

## Education

**Sep 2020 - June 2021**

**Cybersoft - Cyberlearn Programing Education Center**

- Programming course: thinking in programming, problem-solving, Javascript language, OOP...
- Front-end Foundation course: basic knowledge of HTML5, CSS3, Bootstrap 4, SASS/SCSS, Javascript (ES5/ES6), JQuery, AJAX, Git, ...
